STRONG FAMILIES

STRONG CHURCHES

CHURCH PARTNERSHIP PACKAGE

Why BUILD STRONG FAMILIES?

A Family Masterplan

Family is God's design. His masterplan from the beginning has always been FAMILY; first with Adam in Eden, then in a dramatic do-over with Noah, by fulfilling a promise to Abraham and ultimately in Christ.

God's narrative reaches a crescendo as Jesus arrives on the scene; a Son revealing His Father. A Bridegroom looking for a Bride. God's passion for family is emphatic.

The Creator purposefully wove this same longing into every Human Being He ever created too! Whether they frequent your Church, watch services online, meet in small groups, participate on ministry teams, or simply live in the community where you serve; they LONG for a strong, vibrant and flourishing family. Why? It's in our DNA! **Strong Families** are Heaven's design and God's desire. And the place of Hell's great onslaught.

FRP Canada Directors, Dan & Rachel White with their Family

How is your church intentionally, specifically building and equipping families? Can we help?

Wise people are builders - they build families, businesses, communities. And through intelligence and insight their enterprises are established and endure.

Proverbs 24:3 TPT

A Family Crisis

The attack on the nuclear family is increasing, accelerating and evolving at an incredible rate. And it's happening on our watch! Statistics on *divorce, fatherlessness and the declining generational transfer of Christian beliefs* all attest to the struggle that families are facing.

The sharp and culturally disruptive decline in married fathers over the past 60 years appears to be driving the decline in active church participation."

~ Communio Survey

Where biblical principles and family values were once affirmed within western culture, they have quickly been replaced with an anti-biblical and anti-family message.

A recent survey on Faith & Relationships by *Communio*, notes that *"the sharp and culturally disruptive **decline in married fathers** over the past 60 years appears to be **driving the decline in active church participation.**"* (emphasis added)

We also recognize the mounting workload of vocational ministers, tending to those families in need ~ marriages on the brink, the daily strain of parenting, and homes under stress.

Therefore, how can the Church respond to this Family Crisis?

Why BUILD STRONG FAMILIES?

A Family Reformation

A Family Reformation ~ *‘the return of a people to live in God’s original design and intention for family’*

THE FAMILY REFORMATION PROJECT (FRP) is a *global movement dedicated to building and equipping families according to God’s original design.* FRP’s Family Legacy Protocols provides biblical, intentional and practical tools to transform the culture of every home and transform entire families.

The **STRONG FAMILIES STRONG CHURCHES Partnership Package** is created as a means to support Churches in the process of building and equipping strong families. Here’s the bottom line:

“Whoever wins the family, wins the culture in the end.”

Real Families Impacted by The Family Reformation Project

“Churches must immediately adopt new strategies and approaches to restore marriage and improve fatherhood.” ~ Communio Survey

An Invitation To Partner

Churches have a wealth of resources at their fingertips! FRP’s point of differentiation is **PARTNERSHIP.**

More than offering a video and workbook, we’ll actually come and train up **Family Coach Specialists** from within your congregation AND provide them with ongoing support and coaching through our online learning environment known as **The Tribe.**

In this package you will be introduced to:

- **The FRP Approach**
- **The Equipping Process**
- **Partnership Options + Testimonies**

THE FRP APPROACH

The FRP Approach is carefully designed to maximize outcomes around the FRP mission:

**'To Build & Equip Families According to God's Original Design,
Transforming Culture for the Good'**

Six Family Legacy Focuses

God's original design for family is clearly illustrated in the Old Testament scriptures where we read about the original family ~ the Family of Israel.

The Family Legacy Focuses are deeply inspired by those original blueprints and adapted into six Protocols, which make up the Family Legacy work.

The Family Legacy Work

The six *Family Legacy Protocols* are laid out in full in *The Family Legacy Book* and *The Family Legacy Workbook*, both authored by Dr Randall W Bixby.

We have an array of delivery systems for teaching and equipping pastors, leaders, coaches and families, including the following:

- ★ We offer continued **SUPPORT** to Family Coach Specialists

THE FRP APPROACH

Family Legacy Protocols Overview

Here are the 'How-To's' for passing on the character and nature of God to our families and future generations.

Unlock A Vibrant Culture At Home with Emotional Intelligence

Cultivate a safe, trusting and fun environment at home as you grow in self-governance, emotional intelligence and healthy communication. Grow in empathetic listening, conflict resolution + forgiveness, maximize personality preferences and create a family social covenant.

Uncover God's Unique Blueprint For Your Family

Discover the unique identity and legacy that your family are called to live in. By exploring family history, healing family brokenness and learning God's heart for your family, you'll create a new story to move forward with and a family Coat of Arms!

Engage Family Around Rhythms of Meaningful Conversation

Brainstorm, Plan, and Launch regular intentional family connections that make doing family together life-giving, supportive, purposeful and fun, while empowering the entire family to succeed.

Design Family Adventures To Transform Hearts

Create intentional, fun and memorable learning experiences for the whole family to enjoy annually, while anchoring the moments and milestones of family legacy deep into hearts for generations to come.

Establish A Family Response To Life's Storms

Equip and empower your family to stay connected + meaningfully engaged in challenging times of need. Steward your family with wisdom during times of vulnerability when mindsets are fashioned, that have both real time and generational consequences.

Assemble A Treasured Legacy For The Next Generation

An end-of-life process for creating enduring legacy, passing on the most important things in life (wisdom, blessing, heavenly blessing, possessions and a legacy covenant) to our children and grandchildren, while teaching them how to do the same.

THE EQUIPPING PROCESS

The Equipping Process is a journey that FRP and Church Leaders or Leadership Team walk together to accomplish the following steps:

STEP ONE | IDENTIFY ~ *Who do we need on the team?*

FRP & Church Leadership work together to prayerfully identify couples and/or individuals who show promise for leadership roles around Family Ministries.

STEP TWO | RECRUIT ~ *How do we get them on the team?*

Candidates are invited to a presentation by FRP on the Family Legacy work in a local church environment. An invitation is given for the candidates to participate in the Family Legacy training with a view to establishing or reinforcing family ministries within their local church context.

STEP THREE | TRAIN ~ *How do we train up our team members?*

Candidates are then taken through Family School where they will be trained and equipped in all six Family Legacy Protocols. Additionally, candidates will also be trained in the Coach Approach to Families and developing a launch plan tailor-made for their community.

STEP FOUR | LAUNCH ~ *How do we launch our team members?*

FRP will assist the new Family Specialist(s) in implementing the Family Legacy work within their environment. Often this may look like starting with a specialized small group aimed at training up other leaders and then forming a leadership team to help with the multiplication of the ministry, while also sustaining a 'live it to give it' mentality.

STEP FIVE | SUPPORT ~ *What is our continuum of care?*

With the ministry launched, Specialists are invited to continue in relationship with FRP as members of the FRP Tribe. There, they will find connection with other Specialists and Family Coaches, and receive accountability and encouragement around the family work. Tribe membership includes; monthly tribe calls, monthly individual checkins, access to coaching and our annual tribe trips.

On the next page is a flow diagram detailing the Partnership Process.

CHURCH PARTNERSHIP TESTIMONIES

“As a pastor I are always looking for ways to encourage and strengthen families. As I came into contact with Randy and The Family Legacy protocols, I realized these were all the things that I talk about and wanted to implement into my church. I realized that I wasn’t giving my church the TOOLS to learn HOW TO communicate, the TOOLS to manage a crisis effectively, the TOOLS to love and forgive in a family unit. As I began to read the book and workbook I recognized that this is my heart on paper, only it had the tools to actually do it. We said yes, and I’m very thrilled that we did.”

MITCH IVEY, Lead Pastor
Grace Community Church

"If you're a pastor, we want to encourage you to host a conference. Give your congregation the tools to equip them with healthy communication and a way to take their family from a dysfunctional way of living into a healthy way of loving on each other just as God intended."

MIKE & DR ERNESTINE GRAHAM
Lead Pastors, Spirit Wind Healing Ministries

After experiencing the “Family Legacy Encounter Weekend” with Randy and Lesli, our family culture changed. We are now aware of the Kingdom legacy our family is called to steward. There is more intentionality in our relationships. Our family bond has increased. Our three adult sons and daughter-in-law have a model for a Kingdom family that will pass on for generations! After our personal family transformation, we invited Randy and Lesli to take all the families of our church through a “Family Legacy Conference.” The fruit has been amazing and ongoing.
